### 3 DONATE TO THE BARNES REVIEW'S SURVIVAL / PUBLISHING FUND AND HELP TBR EXPAND . . .

Without new subscribers any publication dies. We must reach out to more people. Your donations will be directed toward getting more copies of TBR into the hands of prospective new readers. Outreach is our lifeblood—the most important thing we can do to ensure our survival. We also use these donations to publish very important books like those discussed at the end of the letter on page 3 of this special wrapper.

*Sketches from Roman History.* Here is a populist take on Roman history from Sen. Tom Watson like no other you've seen before. Which of Rome's leaders were for the people, and which were self-serving despots? Great reading. A \$20 value.

*Final Solution: Germany's Madagascar Resettlement Plan.* By Ralph Grandinetti. This powerful little book lays out the plan Adolf Hitler created for dealing with his "Jewish problem." That's right, Hitler had a "final solution" for dealing with the Jews of Europe, but it in no way involved their extermination. Rather, he made a deal with France to give the Jews the entire island paradise of Madagascar for their permanent homeland. Why did the plan fail? A \$12 value.
